SALT DOUGH RECIPE

I want to show I care,
So this is what I share.

Here’s the recipe,
If you want to make it just like me! In a
large bowl, mix:
Two cups flour
One cup salt
One cup cold water
Knead together to make dough!

Store in an airtight container to reuse.
To dry creations, air dry 1-2 days or
bake at 200 degrees until dry.

Add Kool-aid powder, food coloring
or glitter to the mix or paint once dry
for extra fun.
